

Affiliate Guide

ezzprx Partner Program - Complete Guide to the Commission-Based Referral Program

This document is for marketers (affiliates) only, and explains step by step how to register in the Partner Program, get your referral link, track your commissions, and request withdrawals. Separate user guides for the main ezzprx ERP system (one per module) are listed at the end of this document.

All screenshots in this guide are real, taken from the live site through a test affiliate account created specifically for documentation purposes. This account is freshly registered with zero referred companies and a zero balance - the exact state any new affiliate sees right after signing up. Section 11 walks through a separate, fully hypothetical worked example (a fictional affiliate, "Sarah Ahmed") to illustrate what your dashboard and transaction history look like once real commissions start coming in; that example is not reflected in the screenshots themselves.

1. What Is the ezzprx Partner Program?

ezzprx is an integrated cloud ERP system with 19+ modules (accounting, inventory, sales, point of sale, HR, payroll, e-invoicing, and more), serving 16+ business types (retail, restaurants, salons, clinics, pharmacies, contracting, real estate, hotels, and more).

The ezzprx Partner Program is an affiliate program that lets anyone register for free as a marketer, get their own referral link, and share it with business owners. Any company that registers on ezzprx through this link and subscribes to a paid plan becomes a "referral" tied to the affiliate's account, and the affiliate earns a commission for it.

Who is this program for?

Open to anyone with an audience or business network, such as:

- Consultants and accountants
- IT consultants
- Content creators
- Community and business group owners
- Entrepreneurs and agencies
- Anyone who knows companies that need an ERP system

Registration in the program is completely free and requires no investment or fees.

Affiliate Program

Promote a Real ERP Platform Businesses Actually Use — Earn Commission on Every Customer You Refer

The ezzprx Affiliate Program pays you 30% of the first subscription, plus 5% recurring on every annual renewal for up to 10 years. Registration is free, and your referral link is ready the moment you sign up.

How It Works

From Sign-Up to Your First Commission

A simple 6-step journey — no complexity, no cost.

1

Create Your Account

Register as an affiliate in under a minute — no fees, no complicated approval.

2

Get Your Unique Referral Link

As soon as you register, a unique referral link tied to your account is ready in your dashboard.

3

Share ezzprx

Share your link with business owners and companies that need an ERP system.

Real screenshot: the Affiliate Program's public homepage - showing the commission cards (30% upfront and 5% recurring), the live stats, the step-by-step journey, and the FAQ exactly as shown to visitors.

2. Creating a Marketer Account (Registration)

1. Open the registration page: </auth/register>
2. Fill in: Full Name, Username (English letters and numbers only), Email, Password. Country is a dropdown; Phone is optional.
3. Check the box agreeing to the Privacy Policy and Terms of Service.
4. Click the "Register" button.
5. On success, you are logged in automatically and taken straight to your dashboard (</affiliate/dashboard>).

No complicated approval or waiting period - your account is active immediately, and your referral link is ready as soon as your account is created.

If you already have an account, click "Sign in" below the form instead of creating a new one.

The image shows a dark-themed web interface for the "eazprx Affiliate Program". The top navigation bar includes a logo, links for "Register" and "About", a language selector set to "العربية", a "Login" button, and a prominent yellow button labeled "Start Earning Now - Create Your Affiliate Account". Below this, a horizontal menu lists various benefits such as "30% Upfront Commission", "5% Recurring for 10 Years", "Fast & Flexible Withdrawals", "Fully Bilingual - Arabic & English", and "30% Upfront Commission". The main section features a large "Create Account" heading on the left and a registration form on the right. The form contains input fields for "Full Name", "Username", "Email", "Phone (optional)", and "Password" (with a toggle for visibility). A "Country" dropdown menu is also present. Below the password field, there is a checkbox for agreeing to the "Privacy Policy" and "Terms of Service". A large yellow "Register" button is positioned below the form. To the right of the register button, a link says "Already have an account? Sign in". On the far right edge, there are two circular icons: one with a star and another with a WhatsApp logo. The footer area includes the "eazprx" logo, links for "Privacy Policy", "Terms of Service", and "Affiliate Program", social media icons for Facebook, TikTok, Instagram, Twitter, and LinkedIn, and a copyright notice: "All rights reserved © eazprx 2026".

Real screenshot: the actual dashboard of the English-guide test account right after registration - 0 companies referred and a \$0.00 balance, since the account is brand new. Section 11 shows what these same numbers look like once real commissions start coming in.

From the same page you can jump directly to: Transaction History, Referred Companies, Marketing Resources, or Manage Profile.

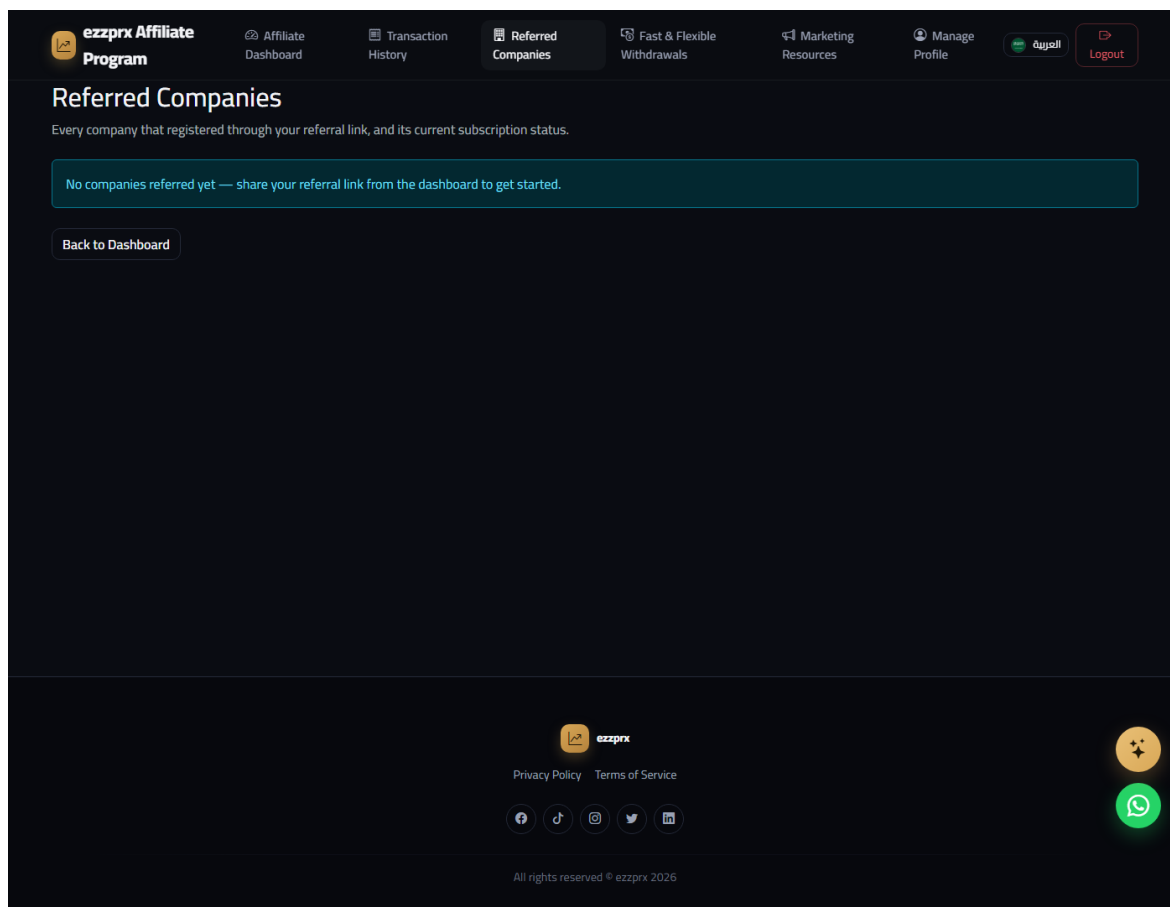

Manage Profile (/affiliate/profile): from here you can edit your full name, email, and phone number. Your username is fixed and cannot be changed.

Real screenshot: the Manage Profile page.

5. Referred Companies

From the "Referred Companies" page (/affiliate/companies) you can see every company that registered through your link and its current subscription status.

Real screenshot: the Referred Companies page of the English-guide test account - empty, since no company has registered through it yet.

6. Your Referral Link

Your referral link looks like this:

https://affiliate.ezzprx.com/r/AFFILIATE_CODE

where AFFILIATE_CODE is your account's unique code, pre-filled automatically on your dashboard and on the Marketing Resources page.

How the link works:

- Anyone who opens this link and completes registering their company on the main ezzprx platform has their company automatically linked to your affiliate account.
- This link is permanent for that company - any future commissions (annual renewals) are credited to you as long as they meet the conditions described in the next section.

Suggested ways to share it:

- Copy the link and paste it into a message or a direct post.
- Share the link's QR code (useful for in-person meetings, expos, business cards).
- Use the ready-made content in the Marketing Resources Center (section 8).

Important: always use your own referral link so the commission is correctly credited to you. Any registration that doesn't go through your link is not attributed to your account.

7. Commission System: How Do You Earn?

The ezzprx Partner Program offers two types of commission for every company that registers through your link:

a) One-time 30% commission

- You get 30% of the value of the first paid subscription for every company that registers through your link.
- Even if the company starts with a free trial, the commission is calculated once it actually upgrades to a paid plan - not simply upon registering or starting the trial.

b) 5% recurring commission for up to 10 years

- You earn 5% of the value of every annual renewal of that same company's subscription, for up to 10 years from the date of its first subscription.
- Key condition: this commission is only calculated if the company actually renews its subscription each year. If the company doesn't renew in a given year, no commission is calculated for that year (and no later years count either unless it renews again).

Rule summary

When	What Happens	Commission
The company is only in a trial period	Nothing yet	0 (no commission until an actual paid subscription)
The company subscribes for the first time to a paid plan	One-time commission	30% of the value of the first subscription
The company renews its subscription (year 2 through 10)	Recurring annual commission	5% of the value of each actual renewal
The company does not renew its subscription in a given year	No renewal = no commission	0 for that year
The company subscribes again later	Recalculated on every actual renewal (within the 10-year cap)	5%

Every commission is automatically added to "Total Commissions Earned" and "Available Balance for Withdrawal" on your dashboard as soon as it's calculated, and appears as its own line in your transaction history.

8. Marketing Resources Center

From the "Marketing Resources" page (/affiliate/resources) you'll find everything you need to start promoting right away:

- Your referral link, ready to copy.
 - The brand logo, ready to download and use in your marketing materials.
 - Ready-to-post banners for social media, with your referral link in the caption.
 - Ready-to-share content: a short social post, a detailed post, and a direct message (WhatsApp/email) - all automatically including your referral link.
 - General marketing guidelines.
6. Represent ezzprx accurately - don't overpromise or guarantee specific earnings to prospects.
 7. Always use your own referral link so the commission is correctly credited to you.
 8. For paid advertising or any expanded use of the brand, contact support first.

Short Social Post

I run my whole business from one place with ezzprx — accounting, inventory, sales, POS, and HR, fully bilingual. Try it: <https://affiliate.ezzprx.com/r/563235>

Copy

Detailed Post

For business owners looking for a real ERP, ezzprx covers 19+ modules — from accounting and e-invoicing to POS and payroll — and supports 16+ business verticals. Try it through my link: <https://affiliate.ezzprx.com/r/563235>

Copy

Direct Message (WhatsApp / Email)

Hi, I think ezzprx ERP could really help you run your business (accounting, inventory, sales, e-invoicing and more). You can try it here: <https://affiliate.ezzprx.com/r/563235>

Copy

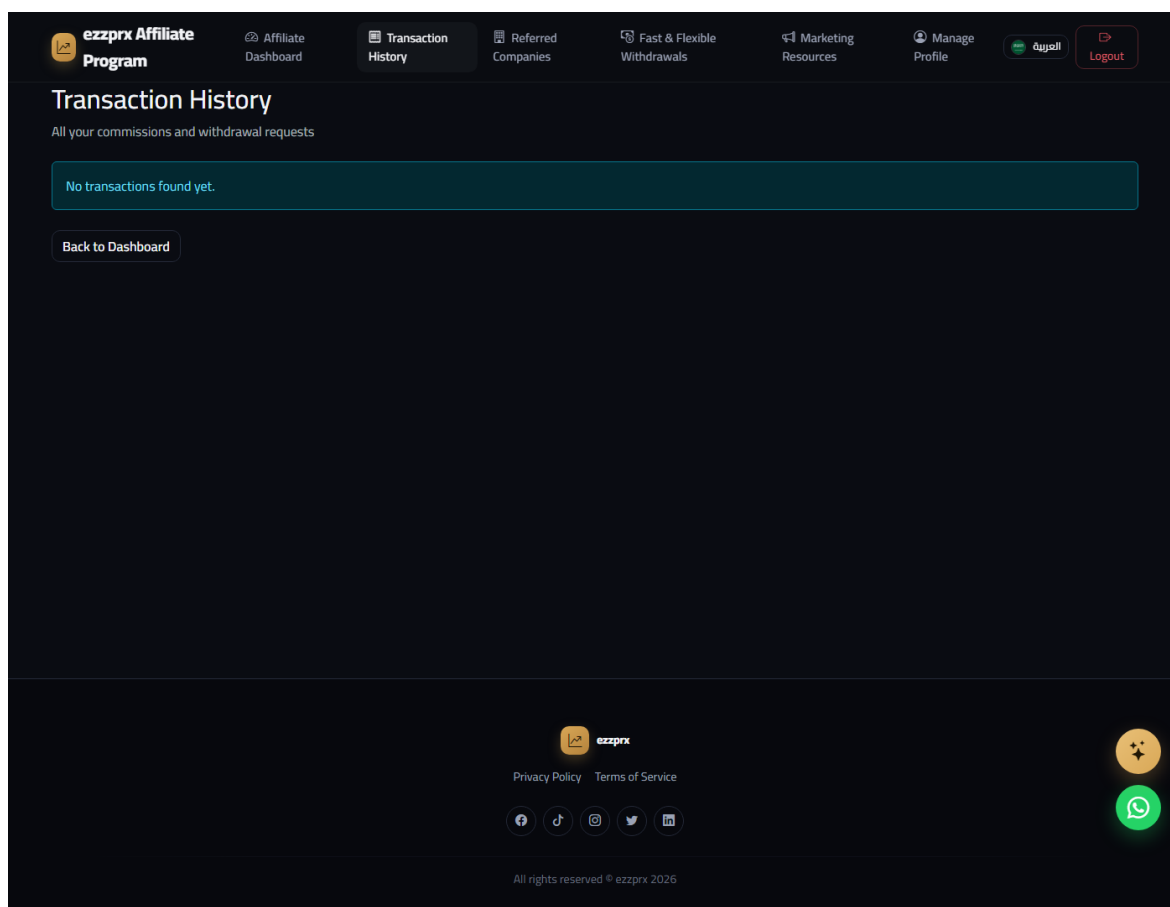

Real screenshot: the actual Marketing Resources page - referral link, logo, ready-made banners and posts, and the guidelines.

9. Transaction History

From the "Transaction History" page (/affiliate/transactions) you'll find a detailed log of every movement on your account:

Column	Description
Date	Date and time of the transaction
Type	"Commission" (added to your balance) or "Withdrawal" (deducted from your balance)
Amount	Value in Saudi Riyals (negative for withdrawals)
Company	Name of the company linked to the commission (not applicable to withdrawals)
Notes	Additional details about the transaction

This log is the official, transparent record of every commission you've earned and every withdrawal you've made.

Real screenshot: the transaction history of the English-guide test account - empty, since the account is brand new with no referrals yet. See section 11 for a full worked example of what this log looks like once commissions start coming in.

10. Requesting a Withdrawal

From the "Fast & Flexible Withdrawals" page (/affiliate/withdraw):

9. Your currently available balance appears at the top (in SAR, with its USD equivalent).
10. Enter the amount you want to withdraw: minimum 50 Saudi Riyals (SAR), maximum = your full available balance.
11. Choose a withdrawal method: PayPal (PayPal email) / Bitcoin (BTC wallet address) / Bank transfer (IBAN and bank name).
12. You can add optional notes to your request.
13. Click "Request Withdrawal." On success, the amount is deducted immediately from your available balance and appears as a "Withdrawal" line in your transaction history.

Double-check your payment details before submitting (PayPal email / wallet address / IBAN) - any mistake may delay or prevent you from receiving your earnings.

Real screenshot: the withdrawal request page for the English-guide test account. Since this is a freshly created account with a \$0.00 balance, entering the form's default amount (50 SAR) triggers the platform's real-time validation message, "Amount exceeds your available balance" - this is the actual, live behavior of the form, not a staged example.

11. Complete Worked Example (Hypothetical)

This is an entirely hypothetical example to walk through how earnings are calculated step by step, for a fictional affiliate named "Sarah Ahmed".

Step 1 - Registration and getting the link

Sarah registered at /auth/register on 2025-01-10, and immediately received her referral link:

<https://affiliate.ezzprx.com/r/SARA2025>

Step 2 - Companies register through her link

Company	Paid Subscription Date	Annual Subscription Value	Status
---------	------------------------	---------------------------	--------

Horizon Contracting Est.	2025-02-01	4,000 SAR	Active subscription
Lamsa Beauty Salon	2025-03-15	1,500 SAR	Active subscription
Spice House Restaurant	2025-04-20	2,500 SAR	Did not renew after year one
Elite Store	2025-05-05	Trial period only	Trial - no commission yet

Step 3 - The 30% one-time commission

Calculated as soon as each company subscribes (except "Elite Store", which is still in trial):

Company	Calculation	Commission
Horizon Contracting Est.	4,000 x 30%	1,200 SAR
Lamsa Beauty Salon	1,500 x 30%	450 SAR
Spice House Restaurant	2,500 x 30%	750 SAR
Subtotal		2,400 SAR

Step 4 - One year later: the 5% recurring commission

In 2026, some companies renew their subscription and others don't:

Company	Renewed?	Calculation	Commission
Horizon Contracting Est.	Yes (2026-02-01)	4,000 x 5%	200 SAR
Lamsa Beauty Salon	Yes (2026-03-15)	1,500 x 5%	75 SAR
Spice House Restaurant	No (cancelled)	-	0 SAR
Elite Store	Hasn't subscribed to a paid plan yet	-	0 SAR
Subtotal			275 SAR

Notice that "Spice House Restaurant" earned no commission in 2026 because it didn't renew - exactly as the rule in section 7 describes.

Step 5 - Transaction history as it appears in Sarah's account

Date	Type	Amount	Company	Notes
------	------	--------	---------	-------

Feb 1, 2025	Commission	1,200.00 SAR	Horizon Contracting Est.	First-subscription commission (30%)
Mar 15, 2025	Commission	450.00 SAR	Lamsa Beauty Salon	First-subscription commission (30%)
Apr 20, 2025	Commission	750.00 SAR	Spice House Restaurant	First-subscription commission (30%)
Feb 1, 2026	Commission	200.00 SAR	Horizon Contracting Est.	Annual renewal commission (5%)
Mar 15, 2026	Commission	75.00 SAR	Lamsa Beauty Salon	Annual renewal commission (5%)

Total commissions = 2,675.00 SAR (approx. 713.33 USD at a fixed exchange rate of 3.75 SAR = 1 USD)

Step 6 - Requesting a withdrawal

Sarah decides to withdraw part of her balance:

- Available balance before withdrawal: 2,675.00 SAR
- Amount requested: 2,000.00 SAR (above the 50 SAR minimum, and below her available balance)
- Withdrawal method: PayPal
- Payment details: sara.ahmed@example.com

After submitting the request:

Date	Type	Amount	Company	Notes
M	a	r		1
W	i	t	h	d
-	2	,	0	0
-				
W	i	t	h	d

Available balance after withdrawal: 2,675.00 - 2,000.00 = 675.00 SAR

This is how Sarah's balance keeps accumulating with every new commission (first subscriptions or actual renewals), and she can request a new withdrawal any time her balance is 50 SAR or more.

12. Frequently Asked Questions

Q: What is the ezzprx system?

ezzprx is an integrated cloud ERP system with 19+ modules covering accounting, inventory, sales, point of sale, HR, payroll, e-invoicing, and more, serving 16+ business types.

Q: What's the commission rate?

30% of the value of each company's first paid subscription registered through your link, plus 5% of every actual annual renewal for up to 10 years.

Q: When is my commission calculated?

When the referred company actually upgrades from its trial period to a paid plan - not simply when it registers.

Q: Is there a minimum withdrawal amount?

Yes, the minimum withdrawal request is 50 SAR.

Q: What withdrawal methods are available?

PayPal, Bitcoin, or direct bank transfer.

Q: Does joining the program cost anything?

No, registering for the Partner Program is completely free and requires no investment.

Q: What happens if my customer cancels their subscription?

Recurring commissions are calculated based on actual renewals - if the customer doesn't renew, no commission is calculated for that period. For any special cancellation or refund cases, contact the support team.

Q: Do I need technical expertise to promote ezzprx?

No. The program is open to anyone with an audience or business network - consultants, accountants, content creators, agencies, or even business owners who know companies that need an ERP system.

Q: How do I track the performance of my referral link?

From your dashboard you'll find companies registered through your link, total commissions, and your available balance for withdrawal, plus a detailed log of every transaction.

13. Tips to Increase Your Earnings

- Target the right audience: business owners who are actually looking for a system to manage their operations (accounting, inventory, sales, POS, e-invoicing).

- Use the ready-made content from the Marketing Resources Center instead of writing posts from scratch.
- Check your transaction history regularly to see which companies renewed and which need a follow-up (you can remind your referral about the importance of renewing, since it keeps your commission going too).
- Don't overpromise - be honest about what ezzprx offers; it builds longer-lasting trust with your audience.
- Use your referral link everywhere you mention ezzprx - without the correct link, no commission is credited to you.

14. Appendix: Main System Module Guides

(This section is reserved for the user guides of the main ezzprx ERP modules, one guide per module, as they become available from the documentation team.)

- Accounting Module Guide - (to be added)
- Inventory Module Guide - (to be added)
- Sales Module Guide - (to be added)
- Point of Sale (POS) Module Guide - (to be added)
- HR & Payroll Module Guide - (to be added)
